

Dear Parents/Carers,

Your child has received a log in to 'Times Table Rockstars.' Times Table Rockstars is a carefully sequenced programme of daily times tables practice. Each week concentrates on a different times table, with a recommended consolidation week for rehearsing the tables that have recently been practised every third week or so. Teachers can also set battles between classes and children in the year group so that your child is motivated to play different games. Teachers can also see how well children are doing by reviewing results about the questions children answer and the speed and accuracy at which they play.

Children also get to collect coins along the way and build their 'rock status!'

How to use Times Table Rockstars

- Log in using the log in details your child has received. You will get to a page that looks this:

The 'Garage' is where your teacher has set you the times tables to practise for the week. The other games such as the 'studio' and 'soundcheck' contain all the times tables to practise.

Once you have selected your game type, you can click on 'play' to start playing the game.

When your child has collected some coins by playing the games, they can click on 'shop' and 'buy' a reward to change their avatar.

Click on 'Battles' to see past, current and future battles scheduled in Year 2 and between classes.

Click on 'Bands' to see how your class is doing. You will only see the avatar names.

You can also download the Times Table Rockstars 'App' on a mobile device or tablet.

A useful video explaining what Times Table Rockstars is can be found using this link:
