

<p>As athletes:</p> <p>We will be learning throwing and catching skills. We will begin by learning the 'ready position' before moving on to various techniques for underarm and overarm throwing. We will then learn skills through the game 'Hot Potato' which focuses on both throwing and catching as well as hand eye coordination, motor skills, and teamwork.</p>	<p>As mathematicians:</p> <p>We will be looking at positional language and using simple language related to time. We will be completing simple calculations involving subtraction of numbers to 10. We will concentrate on correct digit formation and writing number names.</p>	<p>As writers:</p> <p>We will be writing a letter to Bob and asking him questions to gather information about his new job. We will also be looking at the features of non-fiction texts and will write our own information booklet on space.</p>	<p>As musicians:</p> <p>We will listen to live and recorded music with a space theme. We will be creating and combining sounds using a variety of dimensions of music. We will also learn songs about space and aliens.</p>
<p>As historians:</p> <p>We will be learning about the first Moon landing, Neil Armstrong and other significant events in space travel. We will also look at Tim Peake and his flight into space.</p>	<p>Learning in Year 1, Term 3 Our topic this term is Moon Zoom</p> 		<p>In RE:</p> <p>Children will investigate the concept of belonging and then relate it to how the key beliefs and practices in Sikhism help Sikhs to feel like they belong to their religion. They will look at how the daily life and actions of a Sikhs are influenced by the religion they belong to.</p>
<p>As designers:</p> <p>We will plan and design a moon buggy based on a set of criteria. We will be building structures, exploring and using mechanisms such as levers, sliders, wheels and axels. We will evaluate our products and final designs.</p>	<p>As scientists:</p> <p>We will be exploring and naming different materials and their appropriate uses. We will use observations to think of interesting questions and then gather and record information.</p>	<p>As computer technicians:</p> <p>We will be looking at safer internet use. We will also be looking at how technology is developing and how this helps us every day. We will be discussing the different components of a computer.</p>
